

Submitter:	Jeff Kropf
On Behalf Of:	Quit making OR a magnet for illegals
Committee:	Senate Committee On Human Services
Measure, Appointment or Topic:	SB611

Oregon already spends 1 Billion ever biennium in Oregon General Fund taxes on services to illegal aliens here unlawfully. This bill will only makes the situation worse as it acts a magnet for even more illegal aliens to move to Oregon. Plus it will require funding using state tax dollars as federal food stamp dollars are correctly prohibited by Federal law from being given to illegal aliens. The people of America and Oregon do not want their tax dollars being given to those who have broken our laws to come to our country especially when American and Oregonians do not get the same privileged extended to them. Do not pass this bill out of committee and vote no against it.
