

Submitter: Mark Boyer

On Behalf Of:

Committee: House Committee On Climate, Energy, and
Environment

Measure, Appointment or
Topic: HB3932

To whom it may concern,

My name is Mark Boyer. I oppose this bill. Beaver trapping is highly regulated and monitored by ODFW. The need for further restrictions on the trapping of beaver is not necessary. They are a nuisance for ranchers and farmers. This bill would cause added cost to the state to pay for government trappers to deal with problem beavers. This is emotional based biology not on the science. Populations are not hurting. Thank you!
