

Submitter: Heather Kent
On Behalf Of: NA
Committee: Senate Committee On Energy and Environment
Measure, Appointment or Topic: SB301

This change is bad for our river and for river users - people and wildlife. Senator Meek wants to appear as though he's "tweaking" regulations, but the reality is he's opening the floodgates for larger wake boats to once again dominate the Newberg Pool, reversing seven years of progress. Legislation already exists to adjust weight thresholds responsibly if needed. Please do not allow this change to our already challenged river.
