

Submitter: John Livingston

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB301

I am opposed to SB 301 and its amendment. We do not want wake board boats on the Willamette River. I am a canoeist and a bird watcher and any loud noise destroys the ambiance of the River. Wake boards are very anti-environment and pollute the air and the water with their exhaust. They make it very unsafe for smaller boats to be safe and endanger their occupants. Please do not let any form of wake board boats occupy the Willamette River.
