Wildfire  
Measure, Appointment or Topic: SB1153

Dear Committee,

Please vote down SB .

While well meaning SB1153 will have a chilling effect on commonsense water transfers that should in all rights be straight forward. Which would make water use more efficient and economical..

It is also painfully apparent that OWRD does not have the capacity to deal with what is currently on their plate and it will further contribute to their already unacceptable back log.

Thank you for your consideration.
