Resources, and Water

Measure, Appointment or Topic: HB2403

At a time when federal funds for many ESSENTIAL services are being slashed, I am opposed to using Wildlife Services to cruelly kill hundreds of thousands of native wildlife using poisoning, trapping, snaring, aerial gunning, gassing and paid hunters. There are NONLETHAL methods that work VERY well and these should always be considered FIRST.

Nonlethal wildlife conflict reduction should always be prioritized, and we should not be increasing any funding that goes toward killing wildlife using inhumane methods.
