Measure, Appointment or Topic: SB1153

I oppose SB1153. This seems to be a bill that has not been well investigated before bringing it forward. It has a number of implications that are very negative to water rights. The OWRD is already understaffed . SB1153 would add a substantial workload to this department. Why should the tribes, a sovereign nation have the say in our , Oregon State water Rights? This is a bill that is overreaching and creating more unnecessary problems. I strongly OPPOSE!
