Measure, Appointment or Topic: HB3932

Beavers are amazing creatures and we have long suffered for their near decimation in the 19th century. We need more beavers, not less, which is why i support this bill. Beavers will help as climate changes makes forest fires more prevalent. We NEED beavers. Have you read "Eager: The Surprising, Secret Life of Beavers" or seen the movie "Beaver Believers"? learn about how valuable beavers are and why we desperately need them. Protect beavers. Vote yes on HB 3932.
