Measure, Appointment or Topic: HB3921

Chairman Marsh, Vice-Chairman Anderson, members of the committee:

Thank you for this opportunity to submit written testimony. I strongly urge you to oppose HB3921. I am a resident on Charter Oaks and directly affected by this bill in many ways. I feel that legislature should be working for the entire state and NOT just a single person or entity. The most favorable decisions about growth include citizen involvement. If this process for changing UGB's is broken, then as legislature, you should fix and not override the process. Currently, the Roseburg UGB swap is in the hands of the Department of Land Conservation and Development. I would assume that this state agency would be an unbiased party that would make sure the proposal follows the right process.

Please consider my concerns in this very important matter.

Thank you,
Janet Ward
