

Submitter: Connie Dunham
On Behalf Of: Dunham Ranch LLC
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB1153

To the members of this committee,
I oppose this bill mainly because it allows too many intrusions by third party environmental groups that would delay the ability of water users to implement changes on their property. The bill is too vague and open to years of costly litigation, and is also duplicative in standards that are already in place. I don't believe that there has been enough opportunity for water users to engage with the legislature on what the consequences of this bill would be.
I urge you to table this for another session.
Sincerely,
Connie Dunham
