SB611

The cover sheet for SB 611 is inaccurate. Line item Revenue Impact is false when marked No. Until Oregon removes Sanctuary State practices foundation ORS 180.805, 180.810, 181A to 181A.829 from the ORS and ceases to provide support and shelter for undocumented persons in the United States of America numerous Federally funds are at risk. State governments have been warned about this consequence numerous times by the Federal Government.

No legislator in the state should be voting in a statute that risks our Federal funding and/or is inconsistent with Federal Regulations. States may legislate where there is no Federal presence. Legislation to enhance Federal legislation can be passed by states. Those whole document violates that principle.

Furthermore, Oregon is at risk of losing SNAP dollars specifically because of numerous failed program audits. The actual loss of SNAP dollars would make this an unfunded Bill.
