I have been a Newberg resident and user of the Willamette river at Roders Landing since the early 1980's. This river belongs to ALL boaters. There should be no restrictions or buoy's on the river at any time. This is not only unsafe because it narrows the water way and the channel. This can cause boats to be to close!!. Just because you own a home on the river, does not mean YOU own the river. Give all the boaters a great place to enjoy this beautiful part of the Willamette river.
