On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3329

Hello ,

My name is Lee Auerbach, and for the last 30 years, 15 of which I have been working in the

Portland area In Film and Television Production. I'm a member of latse local 488.

Through the years I've seen first hand how the OPIF has helped to attract film

Productions to

the Northwest.

I've personally been able to work, raise a family, and buy a house during this time.

Not only have I benefited but the trickle down e?ect to the community and the local businesses

cannot be ignored. Whether it's equipment rentals, production supplies or restaurants, the

return on investment has been spread amongst a wide selection of the local economy.

This is a crucial time in our industry, and any and ALL increase in the fund can have a

significant impact on further development and growth.

Thank you and please vote in favor of this increase

Sincerely,

Lee Auerbach
