Committee: House Committee On Climate, Energy, and  
Environment

Measure, Appointment or Topic: HB3932

Chair Lively, Vice Chairs Gamba and Levy and Committee Members:

I write to ask you to support HB3932 to adopt rules to prohibit killing of beavers in certain watersheds.

Beavers are architects of water systems! they are vital beings in our ecosystems and as such, deserve the protections put forth in HB 3932.

Thank you,  
Karen Olch
