

Submitter: Michael Stevens  
On Behalf Of: Riverfront owners  
Committee: Senate Committee On Energy and Environment  
Measure, Appointment or Topic: SB301

My wife Linda and I have lived on the river for 26 years. The existing system has worked very well for the last few years. The boating public that adheres to the current rules are NOT a problem. The relative new wakeboard boats that are heavy and designed to create extra large wakes at slow speeds do not belong on or in the Newberg pool.

Please do not ammend the existing rules.
