

Submitter: Brandon Yon

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB301

I support the effort on not banning certain weight restrictions on watercraft in the Newberg Pool. To not allow certain boat weights, ballast capacity or sport of their choosing, (our tax paying residents) is not right. Please let all Oregonians enjoy our waterway no matter what activities they enjoy.

R/S

Brandon Yon
