

Submitter: BRANDON HERB
On Behalf Of: Local Gun Store Owner and Oregonian
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: SB697

I oppose this bill, The state should not be able to change the age of firearm ownership to 21 years old. You are a legal adult, can vote, sign legal binding contracts, get married, and join the armed forces but would not be able to purchase a rifle to go hunting with your dad or grandpa?? The Oregon senate should be using common sense and realize they should be using the time they have to fix the problems and issues of all the previous bills that have been passed and fix those instead of wasting time and tax payer money on bone head useless bills such as this!.
