Re: Support For HB 3809 -1

Chair Hudson, Vice-Chairs Fragala and Harbick, and Members of the Committee:
I am writing on behalf of my self, E3, and anyone else who benefits from IDAs to urge you to support HB 3809, with the -1 amendment. Please "Fix the Funding" for IDAs!

In 1999 the Legislature created Individual Development Accounts (IDAs). This matched-savings program provides participants with education and individualized support to reach their financial goals, including homeownership, home repair, higher education, purchasing a vehicle, starting a business, and retirement. The state matches participants' own savings up to 5-to-1 to make their dreams a reality. Over 19,000 Oregonians have participated in this life-changing program over the past 25 years.

For me I was able to join an E3 program which uses IDAs to help students pay for their college tuition. Without this program or the funding I wouldn't have had the money to pay for college, and I would have had to take out many student loans which we all know is something no one wants to do.

HB 3809 -1 is needed because the state tax credit that funds IDAs has not kept pace with inflation. While the program's tax credit revenue has been stagnant since 2009, the cost of everything that IDA participants save for has increased significantly – especially the two most common savings goals of higher education and homeownership. Each saver needs more of the program's limited funds in order to be successful. If the Legislature does not act this year, the IDA program will shrink by 50% and will enroll fewer than 500 people each year going forward.

By passing HB 3809 -1, the Legislature can "Fix the Funding" and return the IDA program to solid financial footing, ensuring that your constituents can continue reaching their goals of higher education, purchasing a home, starting a business and beyond. I urge you to pass this bill.

Sincerely,
Hudson Gerlits
