I oppose SB698 as it is a totally ridiculous and dangerous at the same time. What kind of person would even think of coming up with a bill like this in the first place is beyond me. I can't believe that you politicians who claim to protect the citizens would even consider pushing a bill through like this. Shame on all of you. You don't represent the people or this wouldn't even be a discussion here. This not only takes the right to carry for any person who has a CCL in certain places, but also could put a woman who has no way to protect herself in danger. Also would prevent her from using pepper spray or mace in a difficult and dangerous situation. This is insane and very discriminatory. You all out to be ashamed of yourselves.

You Reps sit in your fancy houses and don't give two hoots what you are doing to this once great state. The Democrats don't care about our God Given rights or the LAW OF the LAND and want to let the criminals do whatever they desire and punish the law abiding tax payers who by the way are paying your salaries. Remember that come election time because half of you all will be gone if this keeps up. Republicans you all need to stand up to this tyranny and stop the insanity that has been going on before its too late. Walk out on these voting quorums, and stop them. We the People are fed up so stop SB698.
