

Submitter: David Wall
On Behalf Of: Mr Oregon OPPOSES SB 1062
Committee: Senate Committee On Energy and Environment
Measure, Appointment or Topic: SB1062

I OPPOSE [SB 1062].

From the TEXT of {SB 1062}, "...SECTION 1. The Secretary of State shall conduct a study of local authority over regulated utility rates and infrastructure maintenance. The secretary shall submit a report of the study, in the manner provided in ORS 192.245, to the interim committees of the Legislative Assembly related to rules no later than September 15, 2026.

The Secretary of State (S.O.S.) has absolutely "No Business" to conduct the proposed, "... study of local authority over regulated utility rates and infrastructure maintenance." There are too many problems for the S.O.S. to resolve in his own office. [S.O.S. should Study "In Kind Contributions" for example.]

There is "No" budget allocation and or funding source(s) identified to carry out the inane mandate of [SB 1062].

Mr. Oregon Concurs and says, "Senator Anderson and Representative Wright must thoroughly explain their apparent psychotropic voyage into space to justify a needless waste of taxpayer dollars."
