To the Members of the Oregon Legislative Assembly,
I am writing to voice my strong support for Senate Joint Resolution 28 (SJR 28), which would amend the Oregon Constitution to recognize the fundamental right to a clean, safe, and healthy environment.
A healthy environment is essential for everyone, especially for our children and future generations. By passing this resolution, we can reinforce environmental protections, hold ourselves accountable for preserving our natural resources, and prioritize the well-being of communities most affected by pollution and environmental harm. SJR 28 sets a strong precedent for environmental rights, ensuring that Oregonians have a say in protecting the air we breathe, the water we drink, and the land we depend on. I urge you to support SJR 28 and give the people of Oregon the opportunity to vote for a cleaner, healthier future.
Thank you for your time and consideration.
