Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SJR28

Dear Senator Lieber, Please sponsor SJR28 to establish a constitutional right to live in a clean healthy environment. We need to do everything we can to take care of the environment for ourselves and future generations. Oregon has been a leader in the past on environmental causes and we should continue to do all that we can.

I appreciate your work for our beautiful state,  
Katherine Luiten
