

Submitter:	Mira Metelman
On Behalf Of:	Oregon Food Bank
Committee:	Senate Committee On Human Services
Measure, Appointment or Topic:	SB611

I support this measure because I feel that it is important for anyone who needs assistance with getting enough to eat to receive that assistance, no matter their immigration status. I do not believe immigration status should be a barrier for individuals and families to get enough food to eat. I have seen how crucial SNAP benefits and other food resources can be.
