

Submitter:

Joe Coppoletta

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SJR28

We cannot leave our the protection of our precious resources to the Federal Government. We as Oregonians have a very rich history of a love for the environment and the rights of the people in our State to clean air, water, and natural resources. These are not for sale and we want guarantees that our ancestors will also have these basic rights.
