Senate Committee On Rules

Measure, Appointment or Topic:

SJR1

I strongly support HJR 1, the Property Tax Relief for Seniors bill. Seniors still living in their homes have worked for many years to pay off their mortgage but due to fixed incomes at this stage of life, are burdened by ever-increasing property taxes. Having property taxes fixed help those on fixed income stay in their homes and enjoy their golden years.

Please vote YES on HJR 1!

Thank you!
