

Submitter: David Klaus

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety  
Response

Measure, Appointment or Topic: HB3197

Our state already has some of the highest taxes in the nation and in these inflationary times, the last thing we need are more new taxes. These new taxes on beer, wine and cider will not only harm consumers but will have an adverse impact on our amazing beer and wine industries by reducing sales and decreasing tourism.
