Measure, Appointment or Topic: SJR1

Honorable members of the committee,

I strongly urge you to support Senate Joint Resolution 1, which would provide much-needed property tax relief for Oregon's senior citizens.

As a longtime homeowner in Bend, I've witnessed firsthand the crushing burden that rising property taxes place on seniors living on fixed incomes.

This is not just an issue of financial hardship, but one that threatens the stability and well-being of our senior population. The ability to age in place, in the homes we've spent our lives in, is crucial for both our physical and mental health.

SJR 1 offers a lifeline to seniors struggling to make ends meet. By directing the legislature to enact property tax relief for senior homeowners, this measure would provide critical financial breathing room.

I implore you to support SJR 1 and give Oregon's seniors the property tax relief we desperately need. Thank you for your consideration.
