Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1153

I am writing in opposition to SB1153

It threatens Oregon's ability to manage water efficiently and responsibly through the use of water rights transfers at a time when new water rights are not available.

The water rights system is already struggling to allow the flexibility that the farmers need to be successful. Please do not add more layers of bureaucracy to an already failing system.

Vote no on 1153
