Topic: SB1153

I am in opposition of any bill that will put meters on our wells or take away my water rights. This is our beautiful state and we have lived here for 58 years. We have worked hard and paid all of our taxes. I stay out of politics but this water rights bill is upsetting. We bought our property in the country 18 years ago. We maintain our well and paid for a new pump last year. It was expensive. The idea that Oregon wants to put a meter on my well and charge us for the water that falls God given from the sky is terrible. We pay our taxes which goes up every single year. This seems to just be another way to tax us and make it more expensive for us. All private land needs to be left alone. I will make my vote in opposition for this bill.
