This bill is an insult to every tax payer in Oregon. This state is now collecting income tax from minors making less than \$10,000 per year, to fund social benefits to persons who broke our immigration laws. Feeding, housing, educating, providing medical care and even allowing some illegal aliens to vote undermines the tax-payer based financial windfall for the poorest and most needy Oregon CITIZENS and their children. It also diminishes their votes and opportunities. Voting for this bill would provide further proof that Oregon legislators care more about drug cartel members and human traffickers than the native born children of their state. Let the non-tax payer funded nonprofits meet the needs of the few destitute women and children that have illegally entered our country. If you quit building this welfare system for illegal aliens they will quit coming. Vote NO SB611.
