On Behalf Of:

Committee: House Committee On Commerce and Consumer Protection

Measure, Appointment or Topic: HB2141

Dear House Committee on Commerce & Consumer Protection. I am writing you today as a constituent of District 46 (Rep. Willy Chotzen) and urge the Oregon State Legislature to pass House Bill 2141-1, establishing the Registered Commercial Interior Design Title Act to recognize, protect, and enhance the role of Commercial Interior Designers in Oregon. This is personally important to me, as a professional commercial interior designer, currently practicing design across the state of Oregon. Passing this Title Act will allow my profession to be recognized by the state, and allow for the profession to be recognized across the state, ensure public safety and consumer protections are upheld to the highest and same standards, and expand economic opportunities for women, small business owner, and independent practitioners. It doesn't change the scope of work that I am currently doing or allowed to do, nor does it allow me to do anything with structural, seismic or exterior work that will still be required to be done by my peers in Architecture & Engineering. Thank you for you time and support on this matter.
