

Submitter: Christine Hutchins

On Behalf Of:

Committee: Senate Committee On Human Services

Measure, Appointment or Topic: SB611

We are already attracting people that are able bodied but are unable to support themselves. We need to stop rewarding this behavior. Everyone that is able bodied needs to work to support themselves.

As for providing food stamps/cards for people who should not even be in the Country? This must be a joke. All benefits that are available should be for legal residents and citizens..not people who broke the law by entering this Country without permission.
