

Submitter: Kelli George

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB301

I am opposed to this measure. My high school daughter is on a dragon boat team that practices on the Willamette river and I have seen heavy and fast boats go through the area where the dragon boats practice and I see the risk to the paddlers. Even during the dragon boat races the police had to stop a few people who thought it would be funny to go fast through the race area and leave these more vulnerable boats bobbing precariously. These wake surfing boats are dangerous to other slower boats and cause risk to human life.
