Measure, Appointment or Topic: SB611

In reviewing testimony given it appears a lot of people are in favor of this measure. Why not? Free food! Who can argue with that. Where will the money come from to pay for the bill? Tax payers! Also, as has been said before, put something free out there and it's like a magnet, the people will come. Then we will hear we need more funding. Isn't this how it usually goes. We have to put a stop to this nonsense. Let's stick to the rule of law and deport the illegals. Let them do it the right way instead of skipping ahead of the line for those that are trying to do it the right way. Do not pass this bill. Vote NO!
