On Behalf Of:
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: SB243
Chair & Committee Members,

I STRONGLY OPPOSE SB 243.

This bill started out as a "Study" and now has an Amendment that places unconstitutional restrictions, increases age limits and added restrictions on lands next to listed public locations. This is extremely upsetting that legislators like Senator Prozanski would approve the submittal of an amendment to a study that intentionally harms the 2nd Amendment rights of all Oregonians.

To "gut and stuff" is intentionally introducing legislation that has no resemblance of your actual intentions and then only reveal those intentions at the last minute to deny the public time to analyze and respond to it. This is a game that the legislators of this bill should not be playing with the 2nd Amendment rights of any Oregonian. It needs to stop.

I certainly hope this is exposed even more come election time and that Senator Floyd Prozanski does not retain his seat because of these tactics.

I STRONGLY OPPOSE this bill and I STRONGLY OPPOSE the tactics exposed in trying to limit public comment on something with such a hidden agenda.

VOTE NO!
