

Submitter: Janet McKeehan

On Behalf Of:

Committee: House Committee On Climate, Energy, and
Environment

Measure, Appointment or Topic: HB3944

The state needs to stop controlling all of Oregon from Salem and Portland. Please let each area of our state decide what is best. I was totally shocked when I read SB 79 would ban building homes in some of the wildfire Hazard Zones. Please repeal all related items and let the local people decide.

Thank you,
Janet McKeehan
