Really? No more grant money to spend on bandaid solutions. We can't afford it. Put the money towards year round Fire Fighters. At the district and state level that actually put fires out like they used to. We don't need to adopt anything that looks like something California would do. It used to work perfectly. PUT THE FIRES OUT IMMEDIATELY. Southern Oregon ODF put their fires out immediately until funding has been yanked. No more grants for this kind of nonsense.
