

Submitter: Kyle Young

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB429

I oppose SB 429. There is absolutely no reason why an individual should have to wait 72 hours to receive their firearm if the background check clears. A background check in progress should be the only cause of delay.

And if such is cause for delay then an explanation shall be required with an estimated time of approval or rejection.
