No changes in building code We cant afford it, and we dont need it. We need year round Fire Fighters At the district and state level that actually put fires out like they used to.We dont need to adopt anything that looks like something California would do.It used to work perfectly.PUT THE FIRES OUT IMMEDIATELY.Southern Oregon Odf put their fires out immediately until the fundng has been yanked.We need you to put the fires out.Now no more of this insanity.We are tired of paying for useless govermet jobs.We need trained firefihters that are well compensated to put fires out immedietely.We will save billions.
