Measure, Appointment or Topic: SB243

Dear lawmakers,

Please vote NO on SB-243. Studies have one purpose and that's to make more regulations and tighten up on and go after whatever is being "studied." It's no small secret that liberal legislators in Oregon hate guns whether it's the purchase of or possession of them. They want to make it as hard and cumbersome as possible for law abiding citizens to own them and carry them and they seek to make as many bills as possible to partake in ownership of firearms and exercising the 2nd amendment to the constitution. Oregon already ranks 11th on the Giffords gun control tracker for tightest states on gun laws in the nation, and after this legislative sessions new laws that will likely get jammed through the legislature, we will no doubt jump to 1st place with Oregon democrats tyranny and unconstitutional gun control efforts. Please vote NO on this bill and all gun controls bills currently before the legislature. Thank you.

Sincerely,

Chad Kernutt
