

Submitter: Hersey McBroom

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

I oppose this measure. It infringes on the rights of and negatively impacts the livelihoods of law abiding citizens. It will not curb gun violence or suicides, it's just more laws and regulations that criminals will adhere too. Do something productive like punish criminals more severely, adress the underlying issues of poor mental health conditions in our state. Don't take away the rights of those whom have done nothing wrong.
