Committee members:

I write to you in support of SB-611, Food For All Oregonians.

I believe that feeding hungry people should be a priority for any government. Always, as a basic necessity, no matter where the beneficiary is from, or how much they're worth in taxes. Food keeps people working, children healthy and families safe. This results in communities that can thrive and continue to contribute to our economy and our society, as they have done continuously for so many years.

No one should go to bed hungry. No one should have to choose between buying groceries or buying their medication. Just because we have historically relied on undocumented immigrants for their labor while at the same time denying them the basic protections afforded to citizens, doesn't make it right.

I ask you to vote in favor of SB-611 and show this country, at its hour of greatest need, that we choose to protect ALL Oregonians.
