SB243

I am opposing sb 243. I feel as if this bill oversteps and isn't fair to hard working, law abiding gun owners of Oregon.

I don't feel as if we should be able to send young adults off to war and then tell them they can't return and have a gun to protect themselves or their families until until they are 21. Let's look at the young family. How can we make it illegal for them to defend their families. Let's pray they are never put in a position to have to defend themselves or families. I don't see how this is ok to say you can vote and you can go to war but you're not old enough to own a gun.

There are so many wrapped into this one bill. I disagree with them all and would ask that your oppose this bill

Thank you

Ben
