

Submitter: Jamie Inman

On Behalf Of:

Committee: House Committee On Climate, Energy, and  
Environment

Measure, Appointment or Topic: HB3932

Hello I am writing in support HB 3932 - beyond the key talking points provided by the Bird Alliance of Oregon in regards to the benefits beavers play to ecosystems, beavers are our state animal and a point of pride for myself and many other Oregonians. Please support this bill - thank you.
