

Submitter: Jenna Hays

On Behalf Of:

Committee: House Committee On Commerce and Consumer Protection

Measure, Appointment or Topic: HB2141

I write in support of HB 2141, as a commercial interior designer that works at an architectural firm in Portland. Passing this legislation will help legitimize the profession of commercial interior design, and elevate the experience and education that all commercial interior designers have acquired. Currently commercial interior design is the only profession in the built environment that isn't defined under our current legislation, so passing HB 2141 will recognize commercial interior design for the skilled position that it is.
