SB243

As a retired law enforcement officer, I do not see how this bill is just a study of firearm transfer checks??? It looks like an attempt to combine laws that are either already in the statutes or are going through the court system. Stop wasting tax payers time/money on these type of bills and enforce the current state and federal laws governing firearms. To do this, fully fund state and local courts, jails/prisons and police. I believe you have more important issues to deal with on behalf of all Oregonian's.
