Having buildings that are safe and improve the welfare of all Oregonians should be supported by all. As a licensed architect in this state, I have worked alongside talented interior designers who put safety and equity at the heart of their designs. They should be recognized for the role they provide to every project.

*I, the undersigned, urge the Oregon State Legislature to pass House Bill 2141-1, establishing the Registered Commercial Interior Design Title Act to recognize, protect, and enhance the role of Commercial Interior Designers in Oregon.*

Thank you for your consideration,

Regan Dyer  
Licensed Architect, Oregon
