

Submitter: Xanthe Steffen

On Behalf Of:

Committee: House Committee On Commerce and Consumer
Protection

Measure, Appointment or
Topic: HB2141

The passing of this bill would be monumental for all interior designers in Oregon. It would give me and my colleagues the recognition and appropriate level of responsibility to work within our field and expertise. So much time, knowledge and care is needed to design interiors for the health, safety and well-being of the public. Commercial interior designers have been a crucial part of every architectural design team I have worked with, and the field of architecture is better with their collaboration.
