

Submitter:

Dale Burlison

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB243

I oppose SB 243, Oregon constitution states that we have the right to protect ourselves and the state, state and public property belongs to we the people and banning the concealed carry from public property is unconstitutional. Telling an 18 to 21 year old that they can't buy a semi-automatic is unconstitutional, these are the young men and women that join the military and protect you and this country, it's sad that elected officials in the Democrat party continue to let convicted felons out of prison and let the illegal immigrants and gang members come to this state and then protect those that want to do harm to Oregonians and deprive the law abiding citizens the right to protect themselves. Remember deprivation of rights under the cover of law is a federal crime.
