

Submitter: Omar Obeid

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

I Oppose SB243. The current background check system known as Oregon's Firearm Instant Check System (FICS), checks potential gun purchasers through the FBI nationwide database. This Senate Bill is a waste of taxpayer money and furthermore constrains Oregon State Police's already limited resources and staff available to complete background checks. The future foresight of this bill would additionally create barriers for law abiding citizens to lawfully purchase firearms.
